

Broiler Chicken Antitrust Settlement

*This is not an official Court Notice.
Information contained in this summary is subject to change.*

CASE OVERVIEW: Direct Purchaser Plaintiffs alleged that Defendants and their co-conspirators conspired to fix, raise, maintain, and stabilize the price of Broilers, beginning at least as early as January 1, 2008 and that their principal method for doing this was to coordinate their output and limit production, with the intent and expected result of increasing prices of Broilers in the United States, in violation of federal antitrust laws. The Settling Defendants vigorously and affirmatively denied all allegations of wrongdoing and damages in this lawsuit, and would have alleged numerous defenses to the Direct Purchasers Plaintiffs' claims if the case against them proceeded. The Court did not decide in favor either of Direct Purchaser Plaintiffs or the Settling Defendants, but both sides agreed to the Settlements to resolve the case.
